

SOCIAL RESPONSIBILITY POLICY

SBH HOTELS & RESORTS is aware and sensitive to the need to maintain good relations with the community, reducing socio-economic impacts and maximizing the actions carried out to improve the lives of residents.

- Promotion of Responsible Tourism. SBH HOTELS & RESORTS is committed to informing our clients and collaborators about the importance of preserving and protecting local flora and fauna.
- SBH HOTELS & RESORTS is committed to local commerce, and therefore, thematic dinners are organized weekly to promote and publicize the cuisine of our islands.
- SBH HOTELS & RESORTS buys and promotes locally produced products, which comply with the required health and safety measures, in addition to the standard required by our customers. Thus we collaborate to reduce the CO2 footprint by reducing transport.
- We actively collaborate with local organizations that look after the most disadvantaged, donating food, bedding or household items that can be reused.
- We actively participate in the promotion of local festivals and their culture.
- We collaborate with foundations of groups at risk of exclusion, with local parties and sporting, cultural events of the locality and the actions that official organizations carry out to improve the lives of residents.
